

First Contact Cleaning Polymer for Precision Optics

Apply to your optics - allow drying - peel off - continue to work with ultra-clean optics

valid February 1st, 2023

First Contact "Starter-Kit Red" Spray and Solution:

Euro net

PCT RFCS	Try both the spray and regular formula in one sample kit: 1x15 ml Red First Contact in applicator bottle, 2x 29 ml Red First Contact for dilution to spray, 1x 29 ml Red Thinner to clean the sprayer, 75 ml spray bottle, sprayer, 15 peel tabs	194,00
-----------------	--	---------------

First Contact "Red Solution":

Cleaning polymer "red" for precision optics, suitable for 90% of all applications

PCT RFCR	Size "Regular": 1x 15 ml applicator bottle, 2x 29 ml refill bottle, 30 peel tabs	188,00
PCT RFCRAI	Size "Regular All-inclusive": 1x 15 ml applicator bottle, 2x 29 ml refill bottle, 1x 29 ml thinner red, 1x fan brush, 1 set pipettes, 1x nylon mesh, 1x dental floss, 30 peel tabs	220,00
PCT RFCD	Size "Deluxe": 1x 15 ml applicator bottle, 4x 29 ml refill bottle, 50 peel tabs	279,00
PCT RFCIM	Size "Intermax": 1x 15 ml applicator bottle, 16x 29 ml refill bottle, 50 peel tabs	521,00
PCT RFCF	Refill bottle 500 ml	486,00
PCT RFCL	Refill bottle 1000 ml	719,00

First Contact "Red Spray":

First Contact "Red Spray":

PCT RSFCD	Size "Deluxe": 4x spray 29 ml, 1x 20 ml thinner, 1x spray bottle "small" (75 ml, for surfaces < 0,2 qm) 1x additional spray head, 30 peel tabs	283,00
PCT RSFCF	Refill bottle 500 ml. In addition you will need spray bottles, spray heads, thinner and peel tabs or mesh	396,00
PCT RSFCL	Refill bottle 1000 ml. In addition you will need spray bottles, spray heads, thinner and peel tabs or mesh	602,00

Euro net

Thinner for First contact "Red solution" and "Red Spray"

PCT RTFCK	Thinner for First contact "Red solution" and "Red Spray", 6x 29 ml	109,00
PCT RTFCIM	Thinner for First contact "Red solution" and "Red Spray", Size "Intermax" 17x 29 ml	161,00
PCT RTFCL	Thinner for First contact "Red solution" and "Red Spray", 1000 ml	171,00

First Contact "ESD free" solution:

ESD-free cleaning polymer removable without electrostatic discharge. Suitable thinner available, please ask.

PCT FCDFR	Size "Regular": 1x 15 ml applicator bottle, 2x 29 ml refill bottle, 30 peel tabs	325,00
PCT FCDFD	Size "Deluxe": 1x 15 ml applicator bottle, 4x 29 ml refill bottle, 50 peel tabs	508,00
PCT FCDFE	Refill bottle 500 ml	848,00
PCT FCDFL	Refill bottle 1000 ml	1262,00

First Contact "Gold" solution:

Cleaning polymer for gold coated optics. 75% less adhesion than "red" formula.

Suitable thinner available, please ask.

PCT GFCR	Size "Regular": 1x 15 ml applicator bottle, 2x 29 ml refill bottle, 30 peel tabs	197,00
PCT GFCD	Size "Deluxe": 1x 15 ml applicator bottle, 4x 29 ml refill bottle, 50 peel tabs	294,00

First Contact "DTC-Formula" for diamond drilled metal optics:

Cleaning polymer for diamond drilled metal optics made of copper, nickel, brass, aluminium alloys and other copper-containing alloys. Suitable thinner available, please ask.

PCT CFCR	Size "Regular": 1x 15 ml applicator bottle, 2x 29 ml refill bottle, 30 peel tabs	197,00
PCT CFCD	Size "Deluxe": 1x 15 ml applicator bottle, 4x 29 ml refill bottle, 50 peel tabs	294,00
PCT CFCF	Refill bottle 500 ml	517,00

First Contact "Plastics-Formula" for plastic optics

Cleaning polymer for plastic optics, e.g. polystyrene, acrylic, zeonex etc.. Suitable thinner available, please ask.

PCT FCPLR	Size "Regular": 1x 15 ml applicator bottle, 2x 29 ml refill bottle, 30 peel tabs	197,00
PCT FCPLRAI	Size "Regular All-inclusive": 1x 15 ml applicator bottle, 2x 29 ml refill bottle, 1x 29 ml thinner red, 1x fan brush, 1 set pipettes, 1x nylon mesh, 1x dental floss, 30 peel tabs	234,00
PCT FCPLD	Size "Deluxe": 1x 15 ml applicator bottle, 4x 29 ml refill bottle, 50 peel tabs	294,00
PCT FCDFE	Refill bottle 500 ml	507,00

Euro net

Trial kits (15 ml) for initial testing

PCT RFCT1	Cleaning polymer "Red Solution", size "Trial": 1x 15 ml application bottle, 10 peel tabs, 1 pipette, 1 pce nylon mesh, 1 pce dental floss	50,00
PCT ESDT1	Cleaning polymer "ESD-free", size "Trial": 1x 15 ml application bottle, 10 peel tabs, 1 pipette, 1 pce nylon mesh, 1 pce dental floss	93,00
PCT CFCT1	Cleaning polymer "DTC-formula", size "Trial": 1x 15 ml application bottle, 10 peel tabs, 1 pipette, 1 pce nylon mesh, 1 pce dental floss	50,00
PCT GFCT1	Cleaning polymer "Gold", size "Trial": 1x 15 ml application bottle, 10 peel tabs, 1 pipette, 1 pce nylon mesh, 1 pce dental floss	50,00
PCT FCPLT1	Cleaning polymer "Plastics-formula", size "Trial": 1x 15 ml application bottle, 10 peel tabs, 1 pipette, 1 pce nylon mesh, 1 pce dental floss	50,00

Accessories

Pre-cleaning, water spots

PCT WSP1	Pre-cleaner for water spots, 30 ml	17,50
-----------------	------------------------------------	--------------

Accessories to apply First Contact:

PCT FCB1-D	12 mm solo fan brush - solvent compatible to spread First Contact Solution	13,70
PCT FCB2-D	23 mm solo fan brush - solvent compatible to spread First Contact Solution	18,00
PCT FCPS-D	5 small plastic pipettes (8 ml) to apply First Contact Solution to very small surfaces	8,70

Accessories to peel off the dry polymer film:

FCPTD	100 oval peel tabs to peel off the dry First Contact polymer film	13,80
PCT FCNet	Nylon plastic mesh for embedding in polymer and peeling, 5 sheets each about 8x8 cm ²	13,80
PCT FCUF	Unwaxed dental floss for embedding in polymer and peeling, 12 m	8,20

Accessories for First Contact sprays:

PCT SBKS	Spray bottle set "Small": 1x spray bottle for 75 ml (empty) with cap, 1x spray head SPS suitable for surfaces < 0,2 m ²	9,30
PCT SBKM	Spray bottle set "Medium": 1x spray bottle for 236 ml (empty) with cap, 1x spray head SPM suitable for surfaces < 0,75 m ²	10,10
PCT SBKT	Spray bottle set "Large": 1x spray bottle for 473 ml (empty) with cap, 1x spray head SPT suitable for surfaces > 0,75 m ²	14,10
PCT SPS	Spray head "Small", suitable for < 0,2 m ²	7,20
PCT SPM	Spray head "Medium", suitable for < 0,75 m ²	7,80
PCT SPT	Spray head "Large", suitable for > 0,75 m ²	11,60

Transport

Prices for transport in Europe vary on destination. Polymer and thinner need to be declared as "dangerous goods in limited quantities", UN number 1170.
